Debating Varieties of Capitalism: A Reader

Debating Varieties of Capitalism: A Reader

Peter Hall and David Soskice's *Varieties of Capitalism* has become a seminal text and reference point across the social sciences, generating debate and research around political-economic models. Here, Bob Hancké presents the key readings on "Varieties of Capitalism", including the original Hall and Soskice introduction, which encompass the key issues in the study of capitalism and capitalist diversity, its origins, and the debates that followed it. Beginning with the broad theoretical arguments around the idea of "Varieties of Capitalism", the book then goes on to focus on specific empirical controversies, before finally considering recent attempts at rethinking this influential framework.

The *Debating Varieties of Capitalism* Reader is the perfect guide to understanding this set of ideas that have changed the way we look at comparative political economy.
