Operational Review Workbook: Case Studies, Forms, and Exercises Rob Reider

Practical, proven tools for conducting successful operational reviews

An operational review evaluates management's conformity with plans and resource allocations, organizational structure, operating procedures, processes, and controls. In today's volatile marketplace, organizations must do everything possible to ensure their operations are running most economically and effectively to maximize desired results. In such a competitive environment, operational reviews have become increasingly important. The Operational Review Workbook not only gives readers a better understanding of the concepts behind operational reviews but also enables them to conduct reviews with more confidence and authority.

A companion to Rob Reider's *Operational Review: Maximum Results at Efficient Costs, Third Edition*, the Workbook explains the benefits of a review and offers step-by-step guidance through its various stages. In addition to the author's incisive analysis, this practical guide:

- * Includes case studies, checklists, forms, and exercises
- * Reinforces the fundamental principles necessary to perform an operational review
- * Presents in a step-by-step manner how an operational review should be performed
- * Shows how to judge a review's results and make recommendations to management
- * Demonstrates how to use tools and techniques such as financial statement analysis, verification of data accuracy, determination of compliance with laws and regulations, development and understanding of ratio change and trend analysis, use of systems and layout flowcharts, effective interviewing techniques, and preparation and use of survey forms, questionnaires, and checklists
- * Integrates operational review concepts with other analytical processes such as benchmarking strategies and activity-based costing principles

The Operational Review Workbook delivers all the tools needed to successfully conduct an operational review of the organization, department, or activity. CEOs, operations management and staff, internal and external consultants and auditors, CFOs and controllers, and other organizational stakeholders will find Reider's incomparable guide an invaluable addition to their professional libraries.

The Enjoyable arrangement here cannot be questionable, just like treasuring beautiful island. Techniques you still want to miss this? Find this book as well as read it from now!

Vicky Gamez:

As we know that book is essential thing to add our know-how for everything. By a publication we can know everything we would like. A book is a range of written, printed, illustrated as well as blank sheet. Every year seemed to be exactly added. This e-book Operational Review Workbook: Case Studies, Forms, and Exercises was filled with regards to science. Spend your free time to add your knowledge about your science competence. Some people has distinct feel when they reading a book. If you know how big selling point of a book, you can sense enjoy to read a guide. In the modern era like at this point, many ways to get book that you simply wanted.

Sylvia Grable:

As a scholar exactly feel bored to be able to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just little students that has reading's soul or real their passion. They just do what the instructor want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that reading is not important, boring as well as can't see colorful photographs on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Operational Review Workbook: Case Studies, Forms, and Exercises can make you experience more interested to read.
