Teresa is a down on her luck, out of work, graphic designer who has had to take a job at her old college town coffee shop. And if that weren't embarrassing enough for her, things go from bad to worse when her long time boyfriend, now ex-boyfriend, walks into that very same coffee shop.

Two years before she had broken it off with him because of a job opportunity that she couldn't turn down and ended up driving her boyfriend, James away. But now that he's back in town she's looking for a second chance at love.

Will James be able to overlook what she said and did two years ago and fall back into the rhythm of their storybook love, or has he been holding onto her words ever since he moved away? And will a sweater be enough to bring them back together?

Mature content, intended for 18+ readers.
