"Such a good girl... we're going to have so much fun with you."

Alison has one last chance to pay her tuition bill before she gets kicked out of college, but there's no way she's going to come up with the tuition money in time.

No way, that is, until the **handsome and fabulously wealthy** Daniel Castor enters the picture. He looks good enough to eat in his trim, fitted suit and tie, and Alison can't help but imagine what his muscles look like underneath the rich exterior.

Daniel has an offer for her—an offer that will save her enrollment and let her finish out her degree with money to spare—but like all offers, there's a catch! She has to offer herself up to him as his plaything for the evening, let him **have his way with her**, claim her for himself. Even more, his **gang** of billionaire buddies want a taste of her as well, and they're not big on that whole condom thing.

Alison is going to be **taken** every way an excited young woman can be taken by more gorgeous stallions than she can count—no protection to be found—and she can't wait to experience them all for herself!
