Un Coeur Simple (A Simple Soul)

By Gustave Flaubert

The Italian writer Italo Calvino has praised the Three Tales (of which Un Coeur Simple is one) as "one of the most extraordinary spiritual journeys ever accomplished outside any religion."

Gustave Flaubert (December 12, 1821 – May 8, 1880) was a French novelist of the realistic era. He is considered one of the greatest Western writers. Flaubert was a pure stylist. He avoided the inexact expressions, abstract or not quite fitting writing which plague ordinary writing. He hated clichés. This explains the inordinate amount of time he spent on some his works, writing and rewriting portions. He also was averse to bourgeois stupidity. Madame Bovary is his masterpiece.

Project Bilingual (A division of Wolf Pup Books) is a continuing project making available great original French writers' texts along with their English translation. This edition, which offers after every original language paragraph its translation, makes both grammar and vocabulary checks as painless as possible. Idiomatic forms that could be overlooked can be easily detected.

Furthermore, large paragraphs have been broken down to much smaller units so that the check is as effortless as possible. We do hope that by reading French writers that defined the language itself or whose work permeated the French culture, you will be able to get the maximum benefit from this language series.

Although this edition is not a replacement for traditional methods of learning language, it is a very powerful tool to speed up the process once you have attained the intermediate level and beyond.
