American Gods (En Espanol): American Gods (Brainstorming) (Spanish Edition) Neil Gaiman

Nota: En los titulos y nombres de autores, los marcos ortograficos han sido omitidos para facilitar las busquedas de Internet.

La vida en la cárcel es dura. Pero siempre queda un rayo de esperanza si sabes que, a la salida, te espera una mujer que te ama, un amigo que te quiere, un trabajo que adoras. . . Todo eso es lo que quiere Sombra, que está a punto de salir de la cárcel. . . Pero un día le comunican que su mujer y su mejor amigo han muerto en un accidente de coche. Entonces, contratado por un extraño anciano experto en timos y estafas que responde al nombre de Wednesday, Sombra empieza un interminable viaje a lo largo y ancho de América, perseguido por el espíritu de su esposa, en el que descubre el límite entre lo humano y lo divino, y que las reglas que rigen el mundo de los hombres no son las mismas con las que los dioses conducen el mundo.

Neil Gaiman vuelve con American Gods a dar lo mejor de sí mismo y crea una historia en la que dioses y héroes se dan la mano, en la que el destino de la misma alma de Norteamérica está en juego. Con American Gods, Neil Gaiman se ha consagrado como uno de los autores de terror más importantes del panorama internacional, se ha colocado en los primeros puestos de las listas de los más vendidos de todo el mundo y ha ganado el premio Hugo a Mejor Novela de Ciencia Ficción y el premio Stoker a Mejor Novela de Terror.

Amazon.com's Best of 2001 American Gods is Neil Gaiman's best and most ambitious novel yet, a scary, strange, and hallucinogenic road-trip story wrapped around a deep examination of the American spirit. Gaiman tackles everything from the onslaught of the information age to the meaning of death, but he doesn't sacrifice the razor-sharp plotting and narrative style he's been delivering since his Sandman days.

Shadow gets out of prison early when his wife is killed in a car crash. At a loss, he takes up with a mysterious character called Wednesday, who is much more than he appears. In fact, Wednesday is an old god, once known as Odin the All-father, who is roaming America rounding up his forgotten fellows in preparation for an epic battle against the upstart deities of the Internet, credit cards, television, and all that is wired. Shadow agrees to help Wednesday, and they whirl through a psycho-spiritual storm that becomes all too real in its manifestations. For instance, Shadow's dead wife Laura keeps showing up, and not just as a ghost--the difficulty of their continuing relationship is by turns grim and darkly funny, just like the rest of the book.

Armed only with some coin tricks and a sense of purpose, Shadow travels through, around, and underneath the visible surface of things, digging up all the powerful myths Americans brought with them in their journeys to this land as well as the ones that were already here. Shadow's road story is the heart of the novel, and it's here that Gaiman offers up the details that make this such a cinematic book--the distinctly American foods and diversions, the bizarre roadside attractions, the decrepit gods reduced to shell games and prostitution. "This is a bad land for Gods," says Shadow.

More than a tourist in America, but not a native, Neil Gaiman offers an outside-in and inside-out perspective on the soul and spirituality of the country--our obsessions with money and power, our jumbled religious heritage and its societal outcomes, and the millennial decisions we face about what's real and what's not. -- Therese Littleton --This text refers to the Hardcover edition.
