## **Slang: The Topical Dictionary of Americanisms** Paul Dickson

Slang is evidence that the spoken language is continually changing to meet new needs for verbal expressions, tailored to changing realities and perceptions. Unlike most slang dictionaries that list entries alphabetically, *Slang* takes on modern American English one topic at a time, from "auctionese" to "computerese", the drug trade and sports slang. *Slang* was originally published by Pocket Books in 1990 in paperback (ISBN 0671672517, out of print) and revised in 1998 in hardcover and paperback (ISBN 0671549200 and 0671549197; hc out of print soon after publication, pb in print until 2005). The new *Slang* has 50% new material, including new chapters on slang associated with work cubicles, gaming, hip hop, and coffeehouses. Dickson brings slang into the twenty-first century with such blogger slang as TMPMITW, which stands for "the most powerful man in the world" (the president). Whether you want to be privy to the inside banter of the boardroom, backroom or the Washington Beltway, *Slang* is an indispensable resource, and a lot of fun.
