The Encyclopedia of Religious Phenomena

J Gordon Melton

The Encyclopedia of Religious Phenomena J Gordon Melton

Based on more than 250 occurrences and extraordinary experiences that have served to lift believers out of the mundane world and place them in contact with a transcendental reality, *The Encyclopedia of Religious Phenomena* explores unusual and unexplained physical events, apparitions, and other phenomena rooted in religious beliefs. Well-known religion expert, J. Gordon Melton takes readers on a tour amongst angels, Marian apparitions, and religious figures such as Jesus, the Buddha, Mohammad, and Tao Tzu. Melton reports on dreams and near-death experiences; feng shui and labyrinths; statues that bleed, drink milk, weep, and move; snake handling, speaking in tongues, and stigmata; relics, including the spear of Longinus and the Shroud of Turin; and sacred locales such as Easter Island, the Glastonbury Tor, the Great Pyramid, Mecca, and Sedona. Each entry includes a description of the particular phenomenon and the religious claims being made for it as well as a discussion of what a scientist might have to say about it. Transcending the mundane, the entries take no sides and make no arguments: the journey is the experience and the experience is the journey.
