Andrea A. Lunsford's latest findings show that today's students write more than ever before -- and make rhetorically appropriate choices in texts they create outside the classroom. "We're in the midst of a literacy revolution the likes of which we haven't seen since Greek civilization," she notes. *The St. Martin's Handbook*, Seventh Edition is the first handbook to help students build on the smart decisions they make as recreational writers in order to succeed in their academic and professional work. And, *The St. Martin's Handbook* is the all-in-one teaching tool and reference that shows students how to write effectively for any purpose.
