Chivalry-Now: The Code of Male Ethics Joseph D. Jacques

What does it mean to be a man? When a culture fails to answer that properly, the results can be disastrous. For men it can lead to broken identity, overcrowded prisons, spousal abuse, gang violence, chemical addiction and aggressive, anti-social tendencies that wreck havoc all over the world. For women it can mean living in a suppressed environment where involvement is marginalized. Using medieval chivalry as a springboard, this book leads the reader into a thought-provoking quest for values long ignored. By incorporating freedom, personal authenticity, democracy and equality (including feminism), this new form of chivalry is entirely relevant for today's world.
