Cool TV of the 1960s: Three Shows That Changed the World Jon Abbott

The buzzword of 1960s popular culture was NEW! NEW! NEW! The 1960s was an extraordinarily creative time for television, as well as the arts, fashion, and music. This book looks at the three most influential and original American television series from that period, The Man from UNCLE, Batman, and The Monkees. It examines the origins, development, and influence on surrounding media of these three pop culture phenomenons, then and today, and provides the most detailed study to date of every single episode of these three series, their feature film versions, and spin-off The Girl from UNCLE, each one a total original that displays 1960s media styles, fashions, and obsessions in all their inspirational glory. This is the story of the secret agent craze, the super-hero fad, and the first boy band—three media phenomena that still influence popular culture today.
