MySearchLab provides students with a complete understanding of the research process so they can complete research projects confidently and efficiently. Students and instructors with an internet connection can visit [www.MySearchLab.com](http://www.MySearchLab.com) and receive immediate access to thousands of full articles from the EBSCO ContentSelect database. In addition, MySearchLab offers extensive content on the research process itself—including tips on how to navigate and maximize time in the campus library, a step-by-step guide on writing a research paper, and instructions on how to finish an academic assignment with endnotes and bibliography.

This comprehensive book covers the core principles of learning and memory in a clear, reader-friendly style, covering animal learning and human memory in a balanced fashion. The relationship between the field of neuropsychology and learning and memory has been stressed throughout the book, with special attention given to brain imaging research. Designed for those interested in the combination of learning with memory and the psychology of learning.
