Don't wait until tomorrow--live your life today You've spent a lifetime dreaming about your future, but as the future becomes the present, are you living your dream? Many people feel their dreams are just too impossible to reach, so they spend their lifetime stuck in a place that's easy. But living out your dream is easy if you know how to get there. You just need to anticipate what challenges will come your way and how to overcome them--whether it's fear, the need for control, having enough money, understanding how your dream fits into God's will, or six other common obstacles. Don't wait until the pieces fall together to live the life you desperately long for. Make intentional decisions to live with purpose. Twentysomethings Shannon and Michael Primicerio reveal how they got unstuck: by deliberately living their lives now. Now is the time to get from where you are to where you want to go. We're all running out of time. Live your life now. "Shannon and Michael understand their generation and the significant challenges facing so many in their age group. Life. Now. is a wonderfully practical book that will be of enormous help to many young people. It is also a great tool for premarital counseling." --Howard Dayton, CEO, Crown Financial Ministries
