In July of 2011, a short story named WOOL was quietly released into the vast wilds of the Kindle Store. I never marketed this novelette; I failed to mention it on my website. What happened next was remarkable: People started reading it, and reviewing it, and talking about it.

There was never any intention to create a series. It wasn't until the demand for "more" became so great that I launched into the next four books, each one growing longer and longer, until I was wrapping up the story line with this novel, a full 60,000 word WOOL 5.

I would like to humbly thank everyone who has come along on this journey with me; it has been the most rewarding experience of my young writing career. Your emails, your reviews, your comments on my website, every ounce of your enthusiasm . . . it has combined to grant me enough satisfaction and confidence to last the rest of my writing days.

For those of you who suffered the wait, I hope you'll find it was worth it. This is WOOL 5. Brace yourselves. And enjoy.
