Fidel & Religion: Conversations with Frei Betto on Marxism & Liberation Theology Fidel Castro

“This startling book is based on ... conversations between the Cuban leader and a Brazilian priest. The talk is informal and far-ranging, and Betto's questions are often provocative (‘Does Cuba export revolution?’).”—*Publishers Weekly*

The product of an intimate 23-hour dialogue between Fidel Castro and Brazilian liberation theologian Frei Betto, this was a Simon & Schuster bestseller in the 1980s. Here Castro speaks candidly about his views on religion and his education in elite Catholic colleges, offering an insight into the man behind the beard.

Features a new translation and a unique selection of photos of Fidel as a boy.
