**London: A Social and Cultural History, 1550-1750** Robert O. Bucholz, Joseph P. Ward

Between 1550 and 1750 London became the greatest city in Europe and one of the most vibrant economic and cultural centers in the world. This book is a history of London during this crucial period of its rise to world-wide prominence, during which it dominated the economic, political, social and cultural life of the British Isles as never before nor since. *London: A Social and Cultural History* incorporates the best recent work in urban history, accounts by contemporary Londoners and tourists, and fictional works featuring the city in order to trace London's rise and explore its role as a harbinger of modernity as well as how its citizens coped with those achievements. This book covers the full range of life in London, from the splendid galleries of Whitehall to the damp and sooty alleyways of the East End. Along the way, readers will brave the dangers of plague and fire, witness the spectacles of the Lord Mayor's Pageant and the hangings at Tyburn, and take refreshment in the city's pleasure gardens, coffeehouses, and taverns.
