Rings in Time Trude Meister

First dates can be so awkward, especially when the night ends with a semi-truck running into a convenience store instead of a kiss. When Jenna meets Pearl Connolly, her handsome yet oddly familiar new neighbor, she's more than happy to agree to a date, but the night takes a turn for the worse when a semi destroys her store. Jenna isn't the only one that thinks the 'tragic accident' was no accident at all. Fortunately help comes in the form of Pearl and his sister, researchers bent on learning the truth, but hiding truths of their own. Sending Jenna back in time to find out what happened seems like the best way preserve the future, but what she learns about herself and her forgotten past in the midst of disaster changes everything. Rings of Time is a charmingly funny science fiction romance that traverses motherhood, relationships, and time itself.
