The Celestial Omnibus and Other Tales (Dover Thrift Editions)

E.M. Forster

The Celestial Omnibus and Other Tales (Dover Thrift Editions) E.M. Forster

This compilation of short stories by one of the twentieth century's preeminent authors spotlights journal and magazine fiction from 1900 to 1911. These early tales exhibit the first traces of E. M. Forster's witty and elegant style as well as the profound humanism that he further developed in his later novels. Six fables reinterpret classical stories and themes, drawing upon folkloric elements to explore the truth of the imagination and the effects of the unseen on ordinary lives.

In "The Story of a Panic," a spoiled boy discovers his true self. "The Road from Colonus" echoes the tragedy of Oedipus and Antigone, "Other Kingdom" offers a modern version of Apollo's pursuit of Daphne, and "The Curate's Friend" centers on a clergyman who's advised by a faun. "The Other Side of the Hedge" illustrates the futility of chasing goals, and "The Celestial Omnibus" recounts a boy's visit to heaven, where he is forever changed by encounters with characters from literature and myth.
