# The Essential College Professor: A Practical Guide to an Academic Career

*Jeffrey L. Buller*

**The Essential College Professor: A Practical Guide to an Academic Career** Jeffrey L. Buller  
*The Essential College Professor* is about the "how" and "why" of being a faculty member today. Based on the author's series of highly successful faculty development workshops, each chapter deals concisely with the most important information college professors need at their fingertips when confronted by a particular challenge or faced with an exciting opportunity. Written both as a comprehensive guide to an academic career and as a ready reference to be consulted whenever needed, *The Essential College Professor* emphasizes proven solutions over untested theories and stresses what faculty members have to know now in order to be successful in their careers.

Each chapter is concluded by a short exercise that faculty members can perform to help them, for instance, completely revise a course by restructuring the syllabus and course materials, bring new life to a research project by reframing it as a book proposal or grant application, and so on.
