The Submarine is the true, first hand account of a giant, seven meter Great White Shark that terrified fishermen in False Bay, South Africa during the 1970s and early 1980s. A band of monster shark fishermen hunted the Submarine over a period of a decade and although the shark was hooked on numerous occasions, it was never brought in.

For one man, the hunt for the Submarine, became a self destructive obsession. His name is Theo Ferreira and this is the story, of man against beast.
