"Bessie Head's short stories have an extraordinary simplicity and breadth of vision," heralded a review in *The Tribune* after publication of Head's first collection of short stories, *The Collector of Treasures*. Regarded today as one of Africa's best-known woman writers in English, Head draws on the rich oral tradition of southern Africa and masterfully applies storytelling's language and imagery. Carefully sequenced, the anthology gives special focus to village people from independence-era Botswana and the status, position, and plight of African women.
