The Way of Jesus Christ Jurgen Moltmann

The Way of Jesus Christ discusses the following topics: 1. The symbol of the way embodies the aspect of process and brings out christology's alignment towards its goal. This symbol can comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha. It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia-the way he takes in the Spirit to Israel, to the nations, and into the breadth and depth of the cosmos. 2. The symbol of the way makes us aware that every human christology is historically conditioned and limited. Every human christology is a 'christology of the way,' not yet a 'christology of the home country,' a christology of faith, not yet a christology of sight. So christology is no more than the beginning of eschatology; and eschatology, as the Christian faith understands it, is always the consummation of christology. 3. Finally, but not least important: every way is an invitation. A way is something to be followed. 'The way of Jesus Christ' is not merely a christological category. It is an ethical category too. Anyone who enters upon Christ's way will discover who Jesus really is; and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took. Christology and christopraxis find one another in the full and completed knowledge of Christ. This christology links dogmatics and ethics in closer detail than in the previous volumes.
