Here is the long-awaited revision of the classic *The Joy of Gay Sex*, one of the touchstones of emerging gay consciousness. Since its original publication, not only has homosexuality gradually become assimilated into American society, but the gay community has undergone a great transformation as a result of the AIDS epidemic. These changes are reflected in *The New Joy of Gay Sex*, an essential reference book for every gay man.

Dr. Charles Silverstein, a noted psychologist who has worked with gay men for more than two decades and coauthor of *The Joy of Gay Sex*, has collaborated with critically acclaimed novelist Felice Picano on this revised edition. Invaluable as a resource, in building self-esteem, and as a coming-out guide for young gay men, *The New Joy of Gay Sex* updates all the entries of its predecessor and includes many new ones. The book has three goals: to educate gay men about safe sex and save lives by showing the varieties of sexual behavior still available; to address the many emotional and relationship-oriented issues that arise in gay life, such as long-term couples, one-night stands, loneliness, and growing older; and to serve as a general home reference on a number of diverse topics, from living wills to a short history of condoms.

With eight color paintings and fifty line drawings by noted illustrators Deni Ponty and Ron Fowler, *The New Joy of Gay Sex* is a necessary addition to every gay man's bookshelf.
