British Society 1680-1880: Dynamism, Containment and Change

Richard Price

British Society 1680-1880: Dynamism, Containment and Change Richard Price

Richard Price offers a radical new interpretation of modern British history. He argues that the period 1680-1880 was a distinct era in British history, a dynamic period of much change but which was ultimately contained within clearly defined boundaries. Professor Price thus identifies the nineteenth century as the end of this period rather than the moment of modernity. Elegantly written and lucidly organized, this study will be of value to all scholars and students with an interest in this fascinating period.
