Mein Kampf

Adolf Hitler

Mein Kampf Adolf Hitler

The angry ranting of an obscure, small-party politician, the first volume of *Mein Kampf* was virtually ignored when it was originally published in 1925. Likewise the second volume, which appeared in 1926. The book details Hitler's childhood, the "betrayal" of Germany in World War I, the desire for revenge against France, the need for lebensraum for the German people, and the means by which the National Socialist party can gain power. It also includes Hitler's racist agenda and his glorification of the "Aryan" race. The few outside the Nazi party who read it dismissed it as nonsense, not believing that anyone could--or would--carry out its radical, terrorist programs. As Hitler and the Nazis gained power, first party members and then the general public were pressured to buy the book. By the time Hitler became chancellor of the Third Reich in 1933, the book stood atop the German bestseller lists. Had the book been taken seriously when it was first published, perhaps the 20th century would have been very different.
