Supply Chain Management Joris J.A. Leeman

The purpose of this book is to help you with the development and implementation of a successful End-to-End Supply Chain Management - Strategy: optimising your processes from manufacturer to retailer. This book answers four questions: - How to develop an end-to-end supply chain - strategy? - How to create the necessary supply chain infrastructure? - How to make collaboration work between the partners in the network? - How to plan and manage the supply chain flows? It will enable you to: - Systematically improve your sales productivity in the retail stores; - Enhance the operational / qualitative performance of your processes and those of your partners in the supply chain; - More effectively balance the trade off Time v Costs. This book provides you with: - A Supply Chain System - Model: a framework to develop your End-to-End Supply Chain; - 8 Strategic Building Blocks which can be used as a toolkit; - 50 Lessons Learned based on experiences from practice; - A strategic roadmap: to plan, organise, lead and control your supply chain. For whom has this book been written? This book is useful for thinkers and practitioners! For everyone who wants to learn more about supply chain management and the development and implementation of an end-to-end supply chain strategy.

From reader reviews:

Mildred Duncan:

Have you spare time for just a day? What do you do when you have a lot more or little spare time? Sure, you can choose the suitable activity to get spend your time. Any person spent all their spare time to take a wander, shopping, or went to the particular Mall. How about open or perhaps read a book eligible Supply Chain Management? Maybe it is to become best activity for you. You recognize beside you can spend your time with your favorite's book, you can smarter than before. Do you agree with it has the opinion or you have other opinion?

Wilfred Walker:

Here thing why this Supply Chain Management are different and reliable to be yours. First of all examining a book is good however it depends in the content of computer which is the content is as yummy as food or not. Supply Chain Management giving you information deeper and different ways, you can find any publication out there but there is no e-book that similar with Supply Chain Management. It gives you thrill studying journey, its open up your current eyes about the thing that happened in the world which is might be can be happened around you. You can actually bring everywhere like in recreation area, café, or even in your means home by train. If you are having difficulties in bringing the printed book maybe the form of Supply Chain Management in e-book can be your option.

Stacy Brooks:

Many people spending their time by playing outside together with friends, fun activity along with family or just watching TV all day long. You can have new activity to invest your whole day by looking at a book. Ugh, you think reading a book can definitely hard because you have to accept the book everywhere? It ok you can have the e-book, taking everywhere you want in your Cell phone. Like Supply Chain Management which is having the e-book version. So , try out this book? Let's see.

Michael Madden:

Is it anyone who having spare time after that spend it whole day simply by watching television programs or just resting on the bed? Do you need something new? This Supply Chain Management can be the answer, oh how comes? It's a book you know. You are consequently out of date, spending your extra time by reading in this fresh era is common not a nerd activity. So what these guides have than the others?
