Adolescent Health: Understanding and Preventing Risk Behaviors

Adolescent Health: Understanding and Preventing Risk Behaviors

This book covers the developmental and health problems unique to the adolescent period of life. It focuses on special needs and public health programs for adolescents. It offers deep insight into smoking, violence, teen pregnancy, HIV/AIDS, and other problems, along with intervention and prevention strategies.

"Anyone serious about improving adolescent health should read this book. It spans theoretical and developmental constructs, summaries of evidence-based interventions for adolescent risk behaviors, metrics, and policy recommendations." —S. Jean Emans, MD, chief, Division of Adolescent Medicine, and Robert Masland Jr., chair, Adolescent Medicine, Children's Hospital Boston, and professor of pediatrics, Harvard Medical School

"This is the one single text that students can use to study adolescent health. It includes contributions from many of the world's most accomplished researchers to provide learners with cutting edge information to make the study of adolescence understandable and applicable in practical settings." —Gary L. Hopkins, MD, DrPH, associate research professor and director, Center for Prevention Research, and director, Center for Media Impact Research, Andrews University

"This textbook presents an excellent balance in weighing the evidence from the risk and the resilience literature, incorporating research in racially and ethnically diverse populations." —Renée R. Jenkins, MD, FAAP, professor, Department of Pediatrics and Child Health, Howard University College of Medicine

"This is an engaging, thorough, and thought-provoking statement of our knowledge about adolescence." —Wendy Baldwin, PhD, director, Poverty, Gender, and Youth Program, Population Council

From reader reviews:

Patrick Walker:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to be aware of everything in the world. Each publication has different aim or maybe goal; it means that reserve has different type. Some people really feel enjoy to spend their time for you to read a book. These are reading whatever they take because their hobby is actually reading a book. Why not the person who don't like studying a book? Sometime, man or woman feel need book if they found difficult problem or perhaps exercise. Well, probably you will need this Adolescent Health: Understanding and Preventing Risk Behaviors.

John Lee:

What do you think of book? It is just for students because they're still students or the item for all people in the world, what the best subject for that? Only you can be answered for that concern above. Every person has distinct personality and hobby for every other. Don't to be forced someone or something that they don't want do that. You must know how great and important the book Adolescent Health: Understanding and Preventing Risk Behaviors. All type of book are you able to see on many sources. You can look for the internet resources or other social media.

Nicholas Riley:

In this 21st millennium, people become competitive in each way. By being competitive currently, people have do something to make these people survives, being in the middle of typically the crowded place and notice through surrounding. One thing that often many people have underestimated the item for a while is reading. Yeah, by reading a guide your ability to survive raise then having chance to remain than other is high. For you who want to start reading a new book, we give you this kind of Adolescent Health: Understanding and Preventing Risk Behaviors book as nice and daily reading guide. Why, because this book is more than just a book.

Mary Curtis:

Reading a guide tends to be new life style with this era globalization. With reading you can get a lot of information that may give you benefit in your life. Having book everyone in this world may share their idea. Guides can also inspire a lot of people. A great deal of author can inspire their very own reader with their story or perhaps their experience. Not only situation that share in the guides. But also they write about advantage about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book which exist now. The authors on this planet always try to improve their skill in writing, they also doing some research before they write to their book. One of them is this Adolescent Health: Understanding and Preventing Risk Behaviors.
