Sociology Now: The Essentials Value Package (includes MySocLab CourseCompass with E-Book Student Access) Michael S. Kimmel, Amy Aronson

Sociology Now reflects the discipline today and explores the big questions about multiculturalism and globalization that sociologists ask. It explains how the classic concerns of sociology-social order, social conflict, social interaction-have been reshaped by new insights about multiculturalism and globalization. Sociology has always offered a way to make sense of the complex and sometimes contradictory forces that shape our social lives in any era. As Sociology Now explains sociology as both a body of knowledge and a "way of seeing," it shows how the forces of globalization and multiculturalism have come to preoccupy sociologists and influence the way they look at the events and experiences of the early twenty first century. Michael Kimmel, a leading sociologist and gender researcher, and co-author Amy Aronson, a journalist and media scholar, address questions regarding these forces head-on as they make a compelling case for the importance of sociology in the contemporary world.
