The Klondike Stampede Tappan Adney

Edwin Tappan Adney (1868 – 1950) was an artist, a writer and a photographer.

He was one of the first photojournalists to pass safely through British Columbia. As a writer for Harper's Weekly, he was sent with his camera to the Yukon from 1897 to 1898. His classic illustrated book concerns his experiences in the Yukon.

Adney joined the northward migration, chronicling the day-to-day experiences of the stampeders. He moved comfortably among the would-be miners, recounting their stories, the sights along the route, and the hopes and fears of the many men - and handful of women - who shared his journey to the gold fields.

The book contains excellent descriptions of the people, places, events, and experiences of the Klondike stampede. The account of the Klondike gold fields, which includes pragmatic discussions of such things as mining techniques, cabin-building, and the operation of dog teams, is solid, reliable, and fascinating. Adney was not only a good writer, he was also an accomplished photographer, and there are over 150 photographs and drawings in the text, adding an important visual dimension to the book.

After it came out, The Klondike Stampede rarely received the attention it deserved, although northern specialists have long found much of value in its pages.

This book published in 1899 has been reformatted for the Kindle and may contain an occasional defect from the original publication or from the reformatting.
