Yielding To God's Clarion Call is a tremendous project that I taught in one of the Schools of the Prophets. Understanding God's desire for us to yield to the call on our lives and what He desires to see in the earth in this hour mandated me to begin writing on this subject. I understand why things have happened to us as Prophets, prophetic people and Christians at large. "Something Has to Happen to You" was one of the chapters that I think was life changing for many as they heard and read the pages. The real question is "Why did you have to go through what you went through during the time of your development into what God was making out of you?" I don't know a prophet yet that did not have to eventually embrace what God has deposited in them. The chapter "Embracing The Prophet In You" was birthed out of that idea. Here you are with all of these dreams, visions, and God encounters, hearing things that later manifest and you don't know who to talk to about it. Well, that provoked me to write on this subject. Let me be the first to tell you, "You are not crazy, but you are very prophetic". When we talk about "A Glimpse of Heaven", how, in the Book of Revelation, could the Apostle John convey what he was seeing and not be called crazy? Often times when you hear or see something the majority does not see you are sometimes put in the weird category. You are not weird, just wired differently . All Prophets and prophetic people are wired differently than "normal people", the masses, if you will. This book certainly is a must have for those that desire to grow to another level in the things of God. Get this book and never be the same again. You will understand not only whom you are, but you will also come to understand. Generation X and Y. You cannot do without "Yielding To God's Clarion Call" in your library.
