Gary Ferraro

Cultural Anthropology: An Applied Perspective (with CD-ROM and InfoTrac) Gary Ferraro

This mainstream, comprehensive cultural anthropology text takes an applied perspective to the study of society's behavior. This application of anthropological knowledge, theory, and methods to the solution of specific societal problems is integrated throughout the text in such a manner that it shows the student what can be done with anthropology today. Applied anthropology, for most of the last decade, has been a major focus for the introductory cultural course.
