**The Druid Plant Oracle** Philip Carr-Gomm, Stephanie Carr-Gomm

In the Druid tradition, many plants, herbs, flowers, and mushrooms are considered sacred and to have special meanings, and are prominent features of mythology and legend. The Druid Plant Oracle presents these stories and the virtues and qualities that have been traditionally ascribed to these plants, through an oracle that is able to offer unique guidance and inspiration.

The thirty-six cards each show a plant within its natural habitat and offers details within this 'miniature landscape' that are also described in the text. The book gives detailed descriptions of the meaning of each card, with keywords for upright and reversed positions, and information on the mythology and lore associated with each plant. Six ways of conducting a reading are offered, ranging from The Pentagram, a simple spread useful when exploring blockages to personal and spiritual development, to Ceridwen's Cauldron, recommended for issues concerning creative projects, and for those times when life seems to be in a state of flux.
