Michael Mullett

Historical Dictionary of the Reformation and Counter-Reformation (Historical Dictionaries of Religions, Philosophies, and Movements ; 100) Michael Mullett

The Protestant Reformation of the 16th century has traditionally been viewed as marking the onset of modernity in Europe. It finally broke up the federal Christendom of the middle ages, under the leadership of the papacy and substituted for it a continent of autonomous and national states, independent of Rome.

The *Historical Dictionary of the Reformation and Counter-Reformation* provides a comprehensive account of two chains of events—the Protestant Reformation and the Catholic Counter-Reformation—that have left an enduring imprint on Europe, America, and the world at large. This is done through a chronology, an introductory essay, a bibliography, and over 300 cross-referenced dictionary entries on persons, places, countries, institutions, doctrines, ideas, and events.
